INTERNATIONAL EXCHANGES ON THE STUDY OF WRITING

Series Editors: Steven Fraiberg, Joan Mullin, Magnus Gustafsson, and Anna S. Habib

Series Associate Editor: Eliza Kotzeva and Esther R. Namubiru

The International Exchanges on the Study of Writing Series publishes books that address worldwide perspectives on writing, writers, teaching with writing, and scholarly writing practices, specifically those that draw on scholarship across national and disciplinary borders to challenge parochial understandings of all of the above. The Latin America Section of the International Exchanges on the Study of Writing book series publishes peer-reviewed books about writing, writers, teaching with writing, and scholarly writing practices from Latin American perspectives. It also offers re-editions of recognized peer-reviewed books originally published in the region.

The WAC Clearinghouse and University Press of Colorado are collaborating so that these books will be widely available through free digital distribution and low-cost print editions. The publishers and the series editors are committed to the principle that knowledge should freely circulate and have embraced the use of technology to support open access to scholarly work.
